PAGE 1

1. Activity

A group must show signs of activity once a month. This could be through a game update, a group shout, a game release, an emblem change, a name change, a description change, an ally addition, etc.

2. Emblem

To keep things tidy, a group's emblem must be square. It must not contain any content that infringes on Roblox's Community Guidelines.

3. Purpose/motives

We will not accept ally requests from groups that violate any of Roblox's policies.
